I. Tejasreddy

B.Tech Student
AWS · Python · Data

CONTACT

tejasreddy230@gmail.com
+91 90595 56827
Hyderabad, Telangana

SKILLS

- Python Programming
- Amazon Web Services
- Microsoft Excel
- HTML / CSS / JavaScript
- OpenCV / SQLite
- NLP / Chatbot Dev
- Communication & Problem-Solving

EDUCATION

B.Tech – Computer Science
GITAM University, Hyderabad
2023 – 2027 · CGPA: 7.00 / 10

CERTIFICATIONS

- AWS Academy Cloud Foundations – 2025
- Python for Everybody – Coursera, 2025

LANGUAGES

- English – Fluent
- Telugu – Native

OBJECTIVE

Motivated and detail-oriented B.Tech student with strong foundational knowledge in Python, cloud technologies, and data handling. Eager to join a dynamic team and contribute to real-world solutions while enhancing technical and professional skills.

PROJECTS

Student Grade Calculator

Tech: HTML, CSS, JavaScript

- Calculates total marks, percentage, and grade in real time.
- Implemented a clean UI and dynamic result display using DOM manipulation.

Face Recognition Attendance App

Tech: Python, OpenCV, SQLite

- Marks attendance in real-time using webcam with face recognition.
- Attendance data stored persistently in a SQLite database.

AI Chatbot for College Enquiries

Tech: Python, NLP

- Built an intelligent chatbot for answering college-related questions such as admissions, fees, and courses.
- Integrated a simple web interface for real-time responses.

Urban Heat Island Analysis

Tech: Remote Sensing, GIS, Python, satellite data

- Analyzed Land Surface Temperature and Built-up Density using Remote Sensing, GIS, Python, and satellite data.

Air Quality and Aerosol Pattern Mapping

Tech: Remote Sensing, GIS, Python, satellite data

- Mapped air quality and aerosol patterns using satellite data, Remote Sensing, GIS, and Python-based analysis.

INTERNSHIP EXPERIENCE

Remote Sensing and GIS Intern — India Space Academy

May 19, 2026 – July 02, 2026

- Completed a six-week internship focused on Remote Sensing and GIS using Python, with project-based work in satellite data analysis.
- Completed projects on Urban Heat Island Analysis and Air Quality & Aerosol Pattern Mapping.

AIML Intern — Edufyi Tech Solutions

Sep 2025 – Nov 2025 · Certificate ID: ETS357 · Tech: Python, Machine Learning, Anomaly Detection

- Completed an AIML internship focused on Anomaly Detection, identifying unusual patterns in datasets using machine learning techniques.
- Gained hands-on experience with Python-based ML workflows including data preprocessing, model training, and evaluation.
- Successfully delivered the Anomaly Detection project, demonstrating strong commitment and achieving exceptional results.

ABOUT ME

I am a B.Tech Computer Science student at GITAM University, Hyderabad, with a passion for building practical applications using Python, cloud platforms, and web technologies. I enjoy solving real-world problems through code and am actively building skills in AWS and data engineering to grow as a software professional.
